Objective I've recently learned the fundamentals of modern web development. And I'm looking to sharpen and expand those skills while making myself useful at work I enjoy.

Skills HTML/CSS, JavaScript, jQuery, Bootstrap, React.js
Node.js, Express, SQL, MongoDB

Experience **Manager**
The Black Forest Inn, Minneapolis, MN
2010 – Present
Managing social media presence, accounts payable and food cost calculations. Maintaining work IT hardware.
Developing supervisory role and ad hoc problem-solving skills.

Education **Full Stack Web Development Certificate**
University of Minnesota College of Continuing & Professional Studies, St. Paul, MN
October 2019
Covered the concepts and technologies necessary to learn, and place in context, the MERN stack.
Associate in Arts degree, Liberal Arts
Minneapolis Community and Technical College, Minneapolis, MN
December 2016
Graduated with honors.
